TABLE OF CONTENTS

I. INTRODUCTION5

II. SUMMARY OF RECEIVER'S ACTIONS5

III. INVENTORY OF KEY ASSETS8

IV. RECEIVER'S ACCOUNTING AS OF MAY 31, 20158

EXHIBITS

- Exhibit A – Medical Capital Receivership Inventory of Significant Assets
- Exhibit B – Financial Statements for the Receivership Estate through May 31, 2015

I. INTRODUCTION

This seventy-first report was prepared by Thomas Seaman, Permanent Receiver ("Receiver") for Medical Capital Holdings, Inc. ("MCH"), Medical Capital Corporation ("MCC"), Medical Provider Funding Corporation VI ("MPFC VI"), and their subsidiaries and affiliates (collectively, the "Receivership Entities," "Medical Capital" or "MedCap"). At the hearing on September 8, 2009, the Court ordered that the Receiver submit monthly reports, on or before the 10th day of each month, to address the status of the receivership estate and its assets. The Receiver submits this report per the Court's order.

II. SUMMARY OF RECEIVER'S ACTIONS

During the preceding month, the Receiver continued to administer inquiries regarding the first interim distribution to claimants which was made in February 2014. The Receiver also worked to recover funds from Medical Capital's assets, including collection efforts on various loan and other debt obligations owed by Medical Capital's borrowers and marketing and sale of the remaining assets which will lead to conclusion of the receivership estate.

The vast majority of the Receivership Entities' assets have been monetized and the Receiver is currently holding cash in the amount of \$36,646,807.81. During May 2015 the Receiver collected \$18,550, comprised entirely of accounts receivable collections. Since the inception of the case through May 31, 2015, the Receiver has collected \$209,220,084.04, which is comprised of the following sources:

○	Accounts Receivable collections	\$ 2,696,822.60
○	Loan payments	\$ 15,002,013.43
○	NHBC revenue	\$ 20,787,479.75
○	Viva Vision Revenue	\$ 1,147,361.49
○	Perfect Game revenue	\$ 1,472,582.83
○	Insurance proceeds	\$ 201,404.38
○	Rental income	\$ 561,519.34
○	Asset sales	\$ 118,378,307.69
○	Settlement proceeds	\$ 32,106,572.50
○	Turnover /seizure of bank accounts	\$ 4,550,529.73
○	Income tax returns	\$ 11,606,480.30
○	Property tax refunds	\$ 501,184.58
○	Interest income	\$ 207,825.42

- The Receiver and his team continue to pursue collection of debts from various borrowers. Most of the loans are impaired or otherwise non-performing. The Receiver has reached an agreement with borrowers Valley Healthcare Medical Group and Dr. Kroop that calls for monthly and annual payments secured by a stipulated default judgment and other security.
- The Receiver has recommended to the Court that the remaining assets of the Receivership Entities with appreciable value be sold so that the receivership estate can be closed. A motion has been filed seeking Court approval of the sales process recommended by the Receiver. The target closing date of the proposed sale would be at the end of September 2015.
- As previously reported, the Receiver conducted a forensic accounting of the sources and uses of all Medical Capital funds. There were over twenty billion dollars of transactions in 258 separate bank accounts to account for, covering the period from November 2003 through the time of the Receiver's appointment. Over 15,000 bank statements were input and reconciled. The Receiver filed his Forensic Accounting Report in December, 2011. The accounting is organized in a relational database and allows the Receiver to account for and identify assets and recipients of ill-gotten gains for the purpose of recovering funds for the benefit of the receivership estate. A summary level sources and uses funds analysis excerpted from the forensic accounting follows.

- **Summary Sources and Uses of Funds**

(in \$ millions)

• Amount raised from note holders	1,760.5
• Interest income	8.2
• Total Cash In	1,768.7
• Use of Funds:	
• Principal returned to note holders	682.9
• Administrative Fees paid to MCC	329.3
• Administrative Fees recycled to the MPFCs	(62.2)
• Interest paid to note holders	309.8
• Money lost on lending and investing activity	298.6
• Cash paid to pre MPFC money raising entities	186.3
• Payments to or on behalf of defendants	12.1
• Servicing Fees	4.8
• Operating expenses and miscellaneous	2.4
• Commissions	1.2
• Trustee fees	.6
• Sub-total	1,765.8
• Ending Cash Balance	2.9

III. INVENTORY OF KEY ASSETS

Exhibit A provides an inventory of some of the largest and most significant assets of the Receivership Entities, together with individual summaries more fully describing each asset. The summaries included in the Receiver's prior report will remain in each report until disposition of the asset and updates will be provided as appropriate.

IV. RECEIVER'S ACCOUNTING AS OF MAY 31, 2015

Exhibit B provides financial statements for the receivership estate through May 31, 2015. An Income and Expense Statement, Balance Sheet and General Ledger are provided. To date, the estate has received funds in the amount of \$209,220,084.04, including interest income of \$207,825.42. The Receiver has disbursed funds in the amount of \$172,571,966.23, including \$117,822,731.77 to claimants, and \$54,749,234.46 for operating expenses of Receivership Entities and expenses of administering the receivership estate. The cash being held by the Receiver is \$36,646,807.81 as of May 31, 2015.

Dated: June 11, 2015

Respectfully submitted,

THOMAS A. SEAMAN, as Receiver for
MEDICAL CAPITAL HOLDINGS, INC.

Medical Capital Receivership
Inventory of Significant Assets

<u>Asset</u>	<u>Description</u>	(in \$ millions) Amount owed to or invested in by MedCap	Exhibit A Page
Acct. Rec. Loans	Accounts receivable loans to medical care providers	82.4	10
Parkway Hospital	Non-operating hospital in New York	76.0	12
Perfect Game	Completed film	18.1	16
Other Assets	Variety of loans and investments in non-medical ventures		21

Medical Accounts Receivable

Medical Capital Stated Value of A/R Accounts	104 Accounts	\$625,332,141.00¹
Verifiable Accounts Receivable	42 Accounts	\$80,637,383.00
– A/R aged under 180 days	6 Accounts	6,114,233.00
– A/R aged more than 180 days	39 Accounts	74,523,150.00
Non-Existent Accounts Receivable	53 Accounts	\$ 542,894,528.00
– Accounts that no longer exist	46 Accounts	450,987,914.00
– Accounts with a negative balance	3 Accounts	1,597,491.00
– Accounts with collateral transferred to term loans	4 Accounts	90,209,123.33
Judgments on Accounts Receivable	9 Accounts	\$1,800,230.00

Status as of September 8, 2009:

- The Receiver has identified and contacted all of the Providers who are parties to an active medical receivable Purchase Agreement. In each case the Receiver has ascertained the status of the Purchase Agreement and payments due thereunder. Demand has been made for payments where due and collections are proceeding using re-hired employees of Medical Capital.

Significant obstacles to collections of accounts receivable exist.

- Some Providers are diverting collections in order to survive following MedCap's cessation of receivables purchases under its Purchase Agreement and several Providers are now defunct or insolvent.
- Of the 104 medical accounts receivable clients listed on the various NCCR reports by Medical Capital, 53 of these accounts (totaling \$542,894,528) are not viable or no longer exist. In other words, it appears these 53 accounts may have been valid accounts at one time many years ago, but this is no longer the case. The Receiver has identified numerous instances where MedCap manipulated the external reporting to leave out the age of the batch of receivables, which obfuscated the value of same. In some cases, the actual amount of the batch has been inflated in MedCap's records. There are no MediTrak reports to support such accounts as MediTrak reports either indicate that the accounts are closed or do not list the accounts at all. There are no active UCC-1 filings for these accounts. There have been no collections or advances on these accounts for

¹ The value of assets in the company's financial records is vastly less than the amounts set forth in the Net Collateral Coverage Ratio report which formed the basis for payment of Administrative fees by the MPFC trusts to MCC.

many years. It is unlikely the Receiver will make significant collections on these accounts.

- MCC may have been collecting receivables it did not fund. MCC ran out of cash in early May 2009, and therefore stopped lending money and purchasing accounts receivable as required under its Purchase Agreements with Providers. Several Providers are asserting claims for moneys that MCC collected while in default under Purchase Agreements.
- Of the verifiable accounts receivable, many Providers have stale and aged receivables. Of the 104 accounts listed on the various NCCR reports by Medical Capital, 39 have severely aged receivables. Of the 39 accounts with aged receivables, 31 report that the newest receivables were purchased between 2002 and 2006, totaling \$52,055,679. Only two of these accounts show any accounts receivable purchased in 2008. There were no batches purchased in 2009 for any of these 39 accounts. Thirty-three of the accounts were aged well beyond 180 days prior to their subsequent purchase via InterCompany Transfer. Given the age of those receivables, it is unclear how much, if any, can be collected on these accounts. Of the \$80,637,383 of real accounts receivable, a mere \$6,114,233 are under 180 days old and therefore potentially collectible.

Parkway Hospital

Description:

A non-operating hospital located in Queens, New York.

The Receivership Entities Interest:

MPFC III.2 and MPFC IV.2 provided Debtor-in-Possession ("DIP") financing to the hospital to allow it to exit bankruptcy and additional loans and lines of credit for operating capital and to acquire an ambulance company post-bankruptcy. The loans were secured by, among other things, real property, stock in the hospital's operating company and a personal guaranty by the company's owner, Dr. Aquino. The total loans and lines of credit extended to Parkway Hospital and Dr. Aquino totaled over \$65 million.

Status as of August 3, 2009

The loans were in default, with an outstanding balance, including interest, of approximately \$76 million. The hospital ceased operating in November 2008, upon the expiration of its operating license, pursuant to the recommendation of the Berger Commission and implementation by the New York State Department of Health ("DOH"), under a plan to streamline capacity and resources of the New York State healthcare system. Prior to the Receivership, MedCap had retained counsel to assist with getting a new Certificate of Need, which is a prerequisite to operate the hospital. The counsel's fees had not been paid.

Status as of September 8, 2009:

The Receiver had communicated with all interested parties and secured the hospital. The Receiver was investigating how best to maximize the value of this asset, including the possibility of either foreclosing on the collateral or taking a deed in lieu of foreclosure. The Receiver was also investigating whether to resume the application process for the necessary regulatory approvals to re-open the hospital.

Status as of October 9, 2009:

The Receiver confirmed that the collateral is insured. The Receiver was in discussions with representatives of the borrower who has filed suit in U.S. District Court seeking a preliminary injunction to force the State of New York Department of Health to restore Parkway Hospital's operating certificate. The Receiver reviewed Parkway's pleadings and considered intervening in the action, and considered other means of assisting the hospital in its efforts to obtain a new Certificate of Need. Obtaining the certificate would increase the likelihood the loan will be repaid. Alternatively, the value of the hospital would be maximized if foreclosure becomes necessary. The Receiver was also in the process of hiring New York counsel for a potential foreclosure action in the event such action was deemed appropriate.

Status as of November 9, 2009:

Borrower's motion for injunctive relief was denied by the U.S. District Court; however, Parkway has informed the Receiver that it intends to renew the motion based on newly discovered evidence. The Receiver has retained New York counsel to commence a foreclosure action in the event Parkway is unsuccessful in its renewed motion for preliminary injunction or an acceptable proposal for workout of the loans is not received.

Status as of December 10, 2009:

The foreclosure action was proceeding.

Status as of January 11, 2010:

The Receiver was investigating sale of the note and was in discussions with one potential buyer. The Receiver's counsel was working through complications with respect to foreclosure of the property.

Status as of April 12, 2010:

The Receiver continued to engage in discussions for the sale of MedCap's interest in Parkway, while simultaneously pursuing foreclosure of the real property.

Status as of June 10, 2010:

The Receiver was working with the trustee to obtain the necessary documentation to proceed with foreclosure. The Receiver visited the property and took steps to maintain appropriate insurance on this asset. The Receiver anticipated commencing foreclosure within the next 30-60 days.

Status as of October 11, 2010:

The Receiver's team continued to investigate and address title and bankruptcy issues that have prevented foreclosure proceedings from going forward, and expected foreclosure to be commenced shortly. The Receiver received and was considering a proposal for a discounted loan payoff, and engaged in discussions with third parties as to the potential sale of MedCap's interest in Parkway.

Status as of November 10, 2010:

The Receiver's counsel filed appropriate papers in the pertinent bankruptcy actions seeking relief from stay to proceed with foreclosure. Court action was expected in December.

Status as of December 10, 2010:

The bankruptcy court granted relief from stay, and foreclosure proceedings were to commence shortly.

Status as of March 10, 2011:

The foreclosure complaint was filed. The Receiver continued discussions with potential purchasers of the loans or property.

Status as of April 11, 2011:

In the foreclosure action, the Receiver filed motions to dismiss and/or strike counterclaims filed by Parkway Acquisition. As to the potential sale of the loans, the Receiver selected a stalking horse buyer and expected to enter into a Letter of Intent in the near future at a proposed sales price of \$5,050,000.

Status as of May 10, 2011:

The Receiver entered into a Letter of Intent with the stalking horse buyer. The Receiver negotiated a settlement with Century Ambulance concerning a deposit of MedCap funds made by Dr. Aquino for the purchase of licenses. The Receiver expected to seek Court approval of the settlement, which would net \$168,000 to the receivership estate, shortly. The Receiver also filed an action in Nevada against Dr. Aquino on April 14, 2011.

Status as of July 10, 2011:

A new stalking horse buyer has been selected and has executed a Letter of Intent. The Receiver expects to seek Court approval of the sale in the coming weeks. The Court approved the Receiver's settlement concerning Century Ambulance, and the net proceeds should be received shortly.

Status as of September 12, 2011:

Proceeds of \$168,000 were received as to the settlement with Century Ambulance.

Status as of October 11, 2011:

Due to delays caused by the prospective buyer, a Purchase and Sale Agreement has not yet been executed. The Receiver continues discussions with the prospective buyer and other interested parties.

Status as of January 10, 2012:

The Receiver identified another buyer and a Purchase and Sale Agreement (subject to Court approval) was being negotiated at a purchase price of \$6.2 with no due diligence period and a non-refundable deposit of \$1 million due upon execution of the agreement.

Status as of February 10, 2012:

The Purchase and Sale Agreement has been completed and executed. The Receiver has filed a motion for an order approving the sale, set to be heard on March 5, 2012, as well as an ex parte application for approval of overbid procedures.

Status as of April 10, 2012:

An overbid in the amount of \$6.5 million was received, and there was no further bidding. At the hearing on March 5, 2012, the Court approved the sale of the Parkway Hospital note to the overbidder. An Amended Order approving the sale was entered on March 7, 2012. The sale is expected to close within the next sixty days.

Status as of March 11, 2013:

The sale transaction closed on May 8, 2012, with the remaining \$5.39 million of the purchase price deposited with the Receiver. Dr. Aquino, against whom the Receiver obtained a default judgment in the amount of \$26,000,000, declared bankruptcy on April 16, 2012.

Status as of April 10, 2013:

In the bankruptcy of related entity Capitol Health, a hearing was set for April 12, 2013 on a distribution motion. The Receiver expected to receive a distribution of funds if the motion is granted.

Status as of January 10, 2015:

In mid-April 2013, the Receiver received distributions from the Capitol Health bankruptcy estate totaling approximately \$271,000. One additional distribution is expected sometime in 2014.

Current Status:

Settlement payments to the Capitol Health bankruptcy estate have been completed. It is anticipated that in the coming months, necessary trustee and court approvals will be obtained and final distributions will be made.

The Perfect Game

Description:

The Perfect Game is a feature film relating to a Little League team from Mexico that won the Little League World Series in 1957.

The Receivership Entities' Interest:

The film is owned by The Perfect Game, LLC ("TPG"). MPFC IV owns an approximate 39.3% economic interest in TPG and holds certain priority rights as to distribution of profits. MCH holds 75% of the voting rights (separate from the economic interest held by MPFC IV) in TPG. MPFC IV also made loans to TPG in the approximate total amount of over \$18 million, secured by all of TPG's assets, including its rights in the film.

Status as of August 3, 2009:

The film was completed in 2008 and attempts were made to distribute it in the summer of 2008, which did not occur. Various efforts to distribute the film thereafter also failed. Continuing efforts to market and distribute the film had been undertaken by Christian Tureaud and David Salzburg, who are affiliated with High Road Entertainment Group, Inc. (an entity in which Medical Capital also holds a stake). As of August 3rd, various entities and individuals claimed an interest in the film, and/or had claims related to the film. In addition, money was needed to make prints and pay for advertising to facilitate domestic distribution. A Mexican company that had certain distribution rights and possessed copies of the film was threatening to unilaterally release the film in Mexico if it was not paid certain amounts owed by TPG, which would likely have had a material adverse effect on the value of domestic distribution rights.

Status as of September 8, 2009:

The Receiver had communicated with the various parties claiming rights in the film and/or attempting to secure its distribution. An investor was located to pay off the Mexican entity and avoid unilateral distribution in Mexico, thereby preserving the value of the domestic distribution rights, in exchange for foreign distribution rights. The investor entity was also attempting to raise the money needed for prints and advertising necessary for domestic distribution. The Receiver retained a consultant with extensive experience in the production and distribution of independent films to advise him as to all actions necessary to fully exploit the film and maximize the film's profits.

Status as of October 9, 2009:

The Receiver's team engaged in various discussions concerning exploitation of the film going forward. The Receiver retained two individuals previously involved in the production of the film to provide continuing services for the film, including completion of production (i.e. finalizing prints, music, soundtrack, etc.), distribution and marketing. The Receiver also negotiated an amendment to a prior agreement that addresses securing prints and advertising funds and domestic distribution of the film. The Receiver anticipated finalizing the amendment and filing appropriate pleadings seeking Court approval of the amendment. If sufficient prints and advertising money is timely raised, it is anticipated that foreign and domestic theatrical distribution of the film will occur in late spring 2010.

Status as of December 10, 2009:

The Receiver filed an ex parte application seeking Court approval of the amendment to the contract for prints and advertising funds and domestic distribution, which was granted. The Receiver continued consulting with potential new sources of prints and advertising funds and domestic distribution and addressing various issues for finalizing and marketing the film. The Receiver, with the assistance of his consultants, continued to work toward a spring 2010 release of the film.

Status as of January 11, 2010:

The Receiver was negotiating the terms of a domestic distribution agreement, which also addresses the funding of prints and advertising. The Receiver anticipated executing the distribution agreement this week and seeking court approval of the agreement. The film's release date of April 2, 2010 has been set.

Status as of February 10, 2010:

The Receiver completed negotiations and executed a Distribution Agreement. The Distribution Agreement was approved by the Court and the Receiver's team continued to work toward the theatrical release of the film in April, 2010.

Status as of March 10, 2010:

The film remained on track to be released on April 2, 2010 in Mexico and April 16, 2010 in the United States. The film was expected to be shown initially in approximately 450-525 theaters, with potential expansion thereafter, and previews of the film have been showing on over 1000 screens since December. The Receiver and Coca Cola entered into a promotion and marketing agreement pursuant to which Coke will be permitted to use the name of the film and promote the film in its beverage sales, sales of Ole' Taco chips and other Coke-affiliated products. The Receiver was also in discussions with certain merchandizing companies who have an interest in using the film to promote their products. These agreements provide a cost free means of promoting and marketing the film and enhancing its success.

Status as of April 12, 2010:

The film held its World Premiere in Monterrey, Mexico on March 21, 2010, and was released in Mexico on April 2, 2010. As of April 5, 2010, the film had box office receipts of over 10 million pesos in Mexico [note, this figure was erroneously identified as dollars in the prior report]. The U.S. Premiere was held on April 5, 2010 in Los Angeles, California, and the film will be released in the U.S. and Canada on April 16, 2010. In addition to the previously mentioned marketing agreement with Coke, the Receiver's team has continued discussions with certain merchandizing companies who have an interest in using the film to promote their products.

Status as of May 10, 2010:

The film was released in the United States and Canada on April 16, 2010. While box office receipts did not meet projections, the film was well received by critics. The film continued to be shown in many theatres. The distribution team is currently investigating and negotiating potential deals with a number of major distributors to exploit the film in the home entertainment market.

Status as of June 30, 2010:

Box office receipts did not meet projections and the Receiver does not expect a return from the theatrical sales of the film. The distribution team continued to investigate and negotiate potential deals with a number of distributors to exploit the film in the home entertainment market in Mexico and domestically.

Status as of July 12, 2010:

The Receiver, amid concerns as to MIP Films' performance under the Court-approved Distribution Agreement, engaged in detailed discussions with MFP as to prints and advertising expenditures, box office receipts, unpaid vendor invoices and related issues. The Receiver provided notice of his exercise of audit rights under the Distribution Agreement and planned to conduct an audit beginning on July 16, 2010. The Receiver's team continued to work with MFP to explore home entertainment distribution options, including a conference call with MFP's proposed domestic DVD distributor. Discussions as to home entertainment distribution were ongoing.

Status as of August 10, 2010:

The Receiver conducted an audit of MFP's books and records on July 16, 2010. On July 26, 2010, based on the results of the audit and various other information concerning breaches of the Distribution Agreement, the Receiver provided notice of the termination of the agreement to MFP. All rights in the film have reverted to TPG and the Receiver's team is evaluating various options for further exploitation of the film.

Status as of October 11, 2010:

Due to the failure of MFP to make certain payments due to the writer of the film, who also owns the life story rights of the individuals depicted in the film, TPG's right to exploit such life story rights via the film expired and reverted to the writer. The Receiver's team was negotiating with the writer concerning future exploitation of the film. TPG also filed a demand for arbitration against MFP concerning the termination of the Distribution Agreement.

Status as of November 10, 2010:

The Receiver was proceeding with the arbitration against MFP, which filed a counterclaim against TPG. An arbitrator was appointed and the claims were being finalized. The Receiver's team continued to negotiate with the writer and explore options for future exploitation of the film.

Status as of January 10, 2011:

TPG filed an answer to the counterclaim and participated in a scheduling conference with the Arbitrator. The arbitration hearing was set to begin on February 15, 2011. The parties were to conduct appropriate discovery in advance of the hearing. The Receiver's team continued to take all other necessary actions to protect the estate's interests in the film.

Status as of April 11, 2011:

On January 11, 2011, the Receiver filed an ex parte application seeking Court approval of new distribution agreements with Image Entertainment and Camelot Distribution Group, as well as a Reacquisition of Rights Agreement with the film's writer pursuant to which TPG acquired the life story rights of the individuals depicted in the film. The Court approved the application. With respect to the pending arbitration, MFP provided the Receiver with a written acknowledgment that TPG's July 26, 2010 termination of the Distribution Agreement based on MFP's breaches thereof was valid and effective. MFP also withdrew its answer to TPG's demand for arbitration, and dismissed its counterclaim against TPG (seeking damages of over \$5 million) with prejudice. Based on MFP's unqualified acknowledgment as to the validity of the termination, the withdrawal of its answer and the dismissal of its counterclaim, the arbitrator determined that TPG had obtained all of the relief it sought, and dismissed the arbitration as moot. The arbitrator awarded TPG all of the costs it had incurred with respect to the arbitration.

Status as of June 10, 2011:

Home entertainment distribution of the film is expected to commence this summer. The Receiver's team has been forced to take various actions to protect the receivership estate's interest in the film, including actions in Mexico to prevent a terminated sub-distributor from distributing the film in the Mexican home entertainment market.

Status as of July 10, 2011:

The film is currently available to the home entertainment market in Mexico, and a domestic home entertainment release was expected in August.

Status as of August 10, 2011:

The film was released in the U.S. home entertainment market on August 2, 2011. The final minimum guarantee payment from Image Entertainment is expected to be received shortly. Nominal additional revenues from the film have been received.

Status as of December 12, 2011:

The final minimum guarantee payment was received from Image Entertainment. Recently, the Receiver's counsel obtained formal resolutions from the appropriate Mexican agency recognizing the Receiver's rights in the film.

Status as of July 10, 2013:

The final minimum guarantee payment for sub-distribution rights in Mexico was received from Camelot Distribution Group.

Current Status:

In July 2013, after issuing several letters to Camelot Distribution Group regarding its failure to provide quarterly reports and pay amounts due to TPG under the Distribution Agreement, the Receiver terminated the Distribution Agreement with Camelot.

Other Assets Under Review

Lavipharm

MPFC III made a loan of \$30 million to Lavipharm Corporation/Lavipharm Laboratories, Inc. secured by stock warrants, patents, inventory and equipment, among other things. Lavipharm is a pharmaceutical company that has developed a patented patch for the delivery of medication that is pending FDA approval. A lump sum payment of \$4.5 million was due on March 31, 2010 or five days after FDA regulatory approval, whichever is earlier. The Receiver entered into a forbearance agreement with Lavipharm. In September 2010, Lavipharm made the final of its six equal installment payments of \$750,000, which payments have reduced the principal balance from \$30 million to \$25.5 million. Pursuant to the terms of the forbearance agreement, the Repayment Period Commencement Date shall not be later than the date which is first to occur of (a) 90 days following the Commercial Launch Date, or (b) July 1, 2011. The first of ten equal installment payments to pay off the balance of the note shall then be due 180 days after the Repayment Period Commencement Date and subsequent payments due every 180 days thereafter. The Repayment Period Commencement Date may be extended for up to four three month periods upon the payment of \$750,000 on the first day of each three month period extension. On January 3, 2012, Lavipharm paid \$750,000, thereby extending the Repayment Period Commencement Date. Due to issues with the FDA approval process, Lavipharm has wound up its operations. The Receiver is actively marketing the loan for sale and considering various asset disposition alternatives.

E Mark

MPFC III made a loan to this internet advertising company. The Receiver has found evidence that MedCap was allowing payments to be made to an account not controlled by MedCap. Subpoenas to banks were issued and numerous documents were produced and analyzed by the Receiver. The Receiver's investigation into this asset is ongoing.

Pyramid Technologies, Inc.

MPFC IV made a loan to Pyramid Technologies secured by, among other things, stock and personal guaranties. The loan is in default and there is an outstanding principal balance of approximately \$14 million. The Receiver filed a Complaint against Pyramid and various individuals on January 20, 2010. The Receiver filed a Motion for Partial Summary Judgment which was granted by the Court. The remaining claims were subsequently dismissed by the Court pursuant to the parties' stipulation. The defendants filed a Notice of Appeal contesting various court rulings. The appeal was subsequently dismissed for failure to file an opening brief. The individual defendants filed bankruptcy, and the Receiver is pursuing an adversary action in the bankruptcy to declare the debt non-dischargeable. Debtors' motion for summary judgment was denied by the bankruptcy court and the matter is set for trial in June of 2015.
